

Memorandum of Understanding (MOU)
for the St. Louis County
Workforce Innovation and Opportunity Act (WIOA) One-Stop Delivery System

I. Introduction

This Memorandum of Understanding (MOU) establishes the spirit of cooperation and collaboration by St. Louis County through the St. Louis County Local Workforce Development Board (“LWDB”) and the One-Stop Delivery System signatory partners (“the Partners”) hereafter named. It describes how they will use their various funding streams and resources to serve their mutual customers, both job seekers and employers, through an integrated system of service delivery operated at 1 comprehensive Missouri Job Center (MJC) site, 1 Specialized Center, and 3 Affiliate sites. The parties recognize that the development and implementation of these sites will require mutual trust and teamwork between the partnering agencies.

II. Strategic Vision

The purpose of the Missouri Job Centers is to advance the economic well-being of the local workforce development area (LWDA) by developing and maintaining a quality workforce. The centers serve as focal points for local and regional workforce-innovation initiatives. Achieving this has required the continued delivery of high-quality and integrated workforce innovation, education, and economic development services for job seekers, incumbent workers, and employers.

V. Shared Funding of Infrastructure and Services

The subsequent table details services and activities that will be mutually funded by the Partners and the revenue sources the Partners will use to fund those services and activities. Partners will fulfill access to services by becoming active partners in the One-Stop system.

To develop the fullness of the services offered to the clients of the Job Center, the infrastructure costs of the One-Stop Center were reviewed to determine the strengths and weaknesses of the structure and what would be needed to strengthen the system and streamline the delivery of services to clients. In the St. Louis County structure, current monetary resources were determined to be a strength. What appeared to be most in need was actual, functional partnership participation, collaboration and information regarding available services and resources for clients and other partners in the one-stop system; partnerships that would strengthen and streamline the one-stop system and provide clients with much-needed information and access to resources – resulting in fewer clients “slipping through the cracks” of service. Through the Infrastructure Cost-Sharing process, partner services were determined and then negotiated to integrate those services and/or resources into the one-stop center. Partners will now take greater part in the services being delivered in the OSC, including participation in job fairs, webinars, presentations, workshops, staff trainings, informational materials, and more consistent and accurate referrals. In addition, partners provide assessments to determine the accessibility to the OSC for clients with disabilities. (* indicates those agencies contracted with St. Louis County Workforce Development to provide services)

Data Integration / Information Sharing

Indicators of ongoing efforts to strengthen the integration of services, are evident in committees. One engaged committee is the Disability Resource Committee. This committee is comprised of Workforce Development Board members and staff, along with representatives from Vocational Rehabilitation, Rehabilitation Services for the Blind, Paraquad, and the Department of Mental Health, Paraquad and WDB members. The committee is focused on training and educating all staff on program eligibility and the services offered.

Another committee is the Employer Engagement and Career Pathways Committee. As an advisory committee to the Board, this committee, consisting of private sector companies across key industry fields, will actively engage local business leaders to partner with the WDB and create programs that lead to quality jobs for adults, dislocated workers, and youth. This committee will work most closely with the Business Services Group to shape workforce solutions offered through this unit. specifically serve as an advisory is comprised of key people from the WIOA program service providers and St. Louis County Workforce Development staff. The goal of this committee is to lead the efforts in the local area to develop and implement career pathways within the local area by aligning the employment, training, education, and supportive services that are needed by adults and youth, particularly individuals with barriers to employment.

St. Louis County WFD will also work with all required partners to ensure that data sharing and integration happen. During the One Stop Partners Infrastructure process, data-sharing possibilities were discussed and will continue to happen on a regular basis. St. Louis County is currently positioned to share data and resources with all required partners using presentations, informational brochures, staff trainings, integrated events, and on-going dialogue about the needs of the One-Stop system.

 - a. All fourteen (14) Workforce Development Boards MOUs must fully comply with the WIOA regulations.
 - b. Local cost sharing negotiations must allow for DSS, including DSS contractors, to provide "in kind" services in lieu of cash payments as applicable.
 - c. WIOA requires one-stop partners to contribute funding to establish and maintain the one-stop delivery system based on each partner's proportionate use of the system and the relative benefits received (WIOA sec. 121(h)(1)(B)(i) and 121(h)(2)(C); 20 CFR 678.420(b), 34 CFR 361.420(b), and 34 CFR 463.420(b)). One-stop partners must use a reasonable cost allocation methodology in determining appropriate partner contributions based on proportionate use and relative benefits received (20 CFR 678.420(b)(2)(i), 34 CFR 361.420(b)(2)(i), and 34 CFR 463.420(b)(2)(i)).

Ms. Williams,

Thank you for the invitation to participate in the 2022 WIOA MOU process. While the U.S. Department of Housing and Urban Development implicitly supports the work of your Local Workforce Development Board, I do not have the authority to sign an MOU, and HUD's St. Louis office cannot enter into an MOU to deliver employment and training activities. Therefore, we must decline the MOU.

If you or your colleagues at the Workforce Development Board would like to discuss other opportunities for our public agencies to work together, please let me know.

Best regards,

Bradley Streeter

Good morning, all,

It is time again to establish the required MOU between the Local Workforce Development Board and the WIOA Required Partners. Please read the attached letter and review the Memorandum of Understanding. The document has been updated with the most current information from the Board. The sections that are left to be revised are the contributions from each partner organization and any new contact information. The completed document must be submitted to the State by April 30th. As such, please adhere to the timeline as established in the letter to have your response to me by Friday, April 15, 2022. That time should give us adequate time to complete the document including any negotiations that need to happen.

Hopefully the letter will explain what needs to be done. If there are questions, comments, or concerns, please do not hesitate to reach out to me.

Have a great and productive day,

Best,

~Loris
